

PE, Sport and Wellbeing Apprenticeship

Do you want to change young people's lives through sport?

Why be an Apprentice?

- "Half of employers said they would prefer to see experience from a relevant apprenticeship or previous position on a candidate's CV." - The Association of Accounting Technicians
- You aspire to be a teacher, teaching assistant, sports coach, sports development officer, or in the leisure and health industry.
- Use this course as a springboard into further or higher education.
- Take a gap year and earn while you learn. Gain vital experience, develop your skills and get paid.

What will I be doing?

- Assist in the delivery of PE lessons and extra-curricular clubs.
- Support with school teams at competitions, trips and residentials.
- Help children learn across other subjects
- Mentor groups of more able/less able children

How do I apply?

PE, Sport and Wellbeing Apprenticeship

Qualifications:

- You will gain a Level 2 Apprenticeship, Level 3 Higher Sports Leaders Award (UCAS points), as well as a range of National Governing Body qualifications.
- Alongside picking up new skills in a practical setting, you will complete assignments and lesson plans with the help of an apprentice tutor, in a classroom setting.

Entry requirements:

- Young Person aged 16+
- Level 1 English and Maths (GCSE/functional skills)
- Commitment to a 13-month programme

What happens next?

If you are interested in taking up an apprenticeship with us, you can request an application form by calling **01302 637276** and speaking to a member of our team. Alternatively, you can get in touch by emailing apprenticeships@activefusion.org.uk

From there, you will be invited to an open day to meet the team and go through your application.

"You learn on the job and gain qualifications. It takes courage to choose a path that isn't a 'typical one', but it's worth it." -

Oliver, Apprentice at Active Fusion
