

Area of Maths: Measurement

Skill: Tell the time to the hour and half past the hour, and draw the hands on a clock face to show these times.

YOU WILL NEED...**Resources:**

There are downloadable resources available to accompany this lesson.

**Instructions:**

1. Organise the group into pairs.
2. Children take it in turns to collect a card each – one from the clock pile and one from the time pile.
3. Children carry on going to collect and returning with cards until the allocated time limit is up (5 minutes, for example).
4. Children then have time to see if they can match the time cards to the clock cards.
5. Check results, discuss. Whoever has the most matching pairs wins. Replace all the cards, shuffle, swap partners, and play again.
