

**Area of Maths:** Measurement

**Skill:** Tell and write the time to five minutes, including quarter past/to the hour and draw the hands on a clock face to show these times.

**YOU WILL NEED...****Resources:**

There are downloadable resources available to accompany this lesson.

**Instructions:**

1. The larger the area, the more active the children will be – but if necessary this activity could take place in the classroom with children walking about.
2. Give everyone a card. Play some music. They need to go around looking for the matching time. One of the pair of cards will be a clock face time, the other a digital time.
3. Once a pair has matched their cards they can shout “Time!”
4. Swap cards with 3 other children and play again, with music on, stopping when everyone has a matching partner.
