

Area of Maths: Addition and Subtraction

Skill: Solve problems, including missing number problems, using number facts, place value and more complex addition and subtraction.

YOU WILL NEED...

Resources:

There are downloadable resources available to accompany this lesson.

Equipment:

You will require pens/pencils.

Instructions:

1. There are 15 cards scattered around the gymnasium.

Start at any given number – the answer to the question will tell you which card to go to next.

2. The first group (or child if working independently) to complete the course correctly are the winners.

Progress to word problems.

e.g. Joe has 100 sheep to put in his 4 fields. How many sheep will go in to each field?
