

Area of English: Reading

Skill: Meaning of words in context

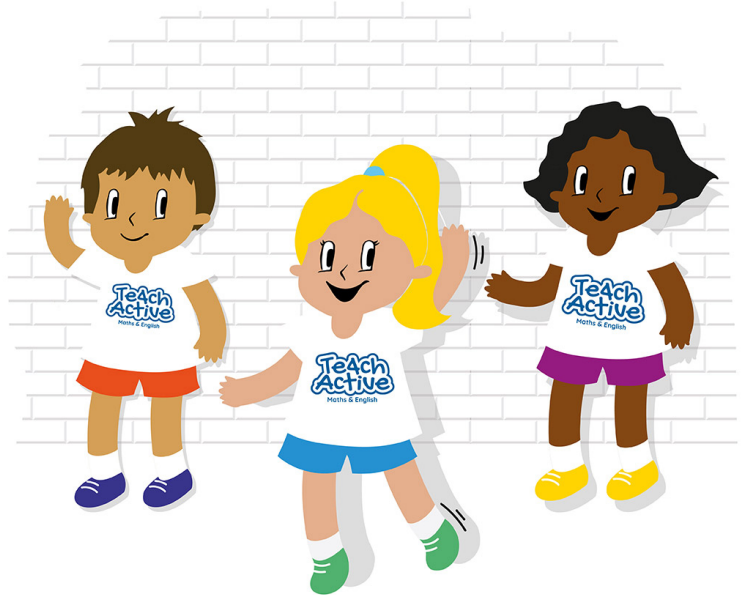

YOU WILL NEED...

Resources:

There are downloadable resources available to accompany this lesson.

Equipment:

Vocab cards and missing word sentences.

Instructions:

1. Spread the vocab cards around the space (outdoor or indoor).
2. Split pupils into small teams. This activity would equally work with pupils working by themselves.
3. Give each pupil/team of pupils a set of sentences with missing words.
4. Pupils spread out to search for the missing words to match their sentences.
5. The first to complete their sentences correctly are the winners.

Teacher Tip:

As all teams/pupils have different sentences, you can hide the word cards again and swap sentences with another team if you wish to play multiple times.
