

7am 0km completed		8am 70 km completed
9am 160 km driven		10am 270 km driven
11am 300 km driven		12 noon 400 km driven
1pm 500 km driven		2pm 550 km driven
3pm 620 km driven		4pm 650 km driven

**1.** How far did they drive in the first 3 hours?

**2.** How far had they travelled by 9:30am?

**3.** Why might they have driven much less between 10am and 11am?

**4.** Why do you think their progress was slower after 1pm?

**5.** How far had they travelled by 1:30pm?

**6.** What was the difference between the distance they travelled between 7am and 8am, and 8am and 9am?

**7.** How does the distance travelled compare before and after 11:30am? (4½ hours' driving each side of 11:30am)

**8.** Which hour saw the most distance travelled?
